

Founder & Head Tutor

Joshua heads up JTC's team of tutors and tracks the progress of all students under our guidance. He is personally responsible for the vetting, training, matching and management of all tutors with students.

With ten years experience in education, and having tutored all exam-boards and curricula, Joshua can offer students and parents a broad vision of education that competitors can't. With a love for teaching that has never died, he continues to offer weekly masterclasses in maths, physics and chemistry to final year students of JTC.

EDUCATION

- ♦ MSci Physics (1st Class Hons.), *Abdus Salam Prize for highest achieving Msci student* & 2 published journal papers.
- ♦ 4 A*s at A level (Maths, Further Maths, Physics, Chemistry)
- ♦ 10 A*s at GCSE-level

TUTORING EXPERIENCE

After beginning his career with a prestigious tutoring company ten years ago, Joshua continued his career as an independent international tutor. He catered to students of all ages with a particular focus on maths, physics and university admissions for older students. As a pioneer of online tuition, he has been running online maths and science masterclasses for all exam boards since 2016. In 2021, all nine students in his A level Physics Masterclass achieved an A or higher in their final exam. With an expert knowledge of all schools, entrance exams, curricula and exam-boards in the UAE, he is known as the 'go-to' guy for all things maths, physics and education. Whether a student is struggling or is simply in search of that all-elusive 100%, Joshua's unique tuition methodologies have been proven to work time and time again.

TESTIMONIALS

- ♦ *"You simply can't trade for the experience someone like Joshua has when it comes to guiding a student through the academic year: Organised, professional and honest. We are so grateful to have found him and his wonderful team at JTC Education."—Parent of year 11 student.*
- ♦ *"Joshua is an extremely rare tutor, having both a deep understanding of physics and mathematics as well as an astoundingly thorough and creative approach to teaching. He is always up to date with the demands and changes in curriculum of the various A level exam boards, knowing all too well what it takes to achieve top grades. He served equally as a mentor to us, developing our physical intuition and sharing study techniques that we still carry with us today at university."—Alumni now at UPenn, Yale and Cornell.*
- ♦ *"Working with Joshua turned my entire university experience around. I was feeling completely overwhelmed with the immense step up it was from A level, then Joshua taught me how to take apart a mathematical/scientific text in a way that had never occurred to me before. We only needed to work together for a handful of months before I was able to continue solo, proudly achieving a first class honours in my degree. The best tutor and mentor there is, an incomparable privilege to learn under his guidance."—Student, King's College London*
